## 最佳學習環境 X 最好的你

### Ideal Learning Environment • Truly Unique Experience

**Balaji Dnyaneshwar Barve • Indian**

**[Dept. of Medicinal and Applied Chemistry - Ph.D. Program '11]**

The environment here is overwhelmingly friendly. The staff and the students always assist students for all queries and the problems. The most impressive part of the teaching system at the Dept. of Medicinal and Applied Chemistry is that the lecturers and seminar mentors promote independent thinking at every juncture. On a weekly basis the department organizes guest lecturers by famous professors in all fields of chemistry.

I am very satisfied with my stay here and I think any future candidate will share my opinion. This lovely environment increased my eagerness to study and provided me with a magnificent experience exceeding all my expectations.

**Nguyen Thi Son • Vietnamese**

**[School of Nursing - Ph.D. Program '17]**

**[Khon Kaen University - Master of Nursing Science '12]**

I was a lecturer at Hanoi Medical University (Vietnam) before coming to Taiwan. After I finish my Ph.D. program in Taiwan, I will have a chance to upgrade my teaching position in my workplace. I can say, this Ph.D. program is a door to open a wider road in my career journey. During my studying at KMU, I have had a chance to work as an interpreter (EN-VN) with College of Medicine (KMU) and learned a lot regarding my research field. I highly recommend for international students, especially for Vietnamese students, to come to study in Taiwan. Since there are many programs for Vietnamese clients from Taiwan, it's a good chance for Vietnamese students to work and learn from these works.

高醫擁有眾多國際交流姐妹校且學費及生活費皆實惠，再加上藥學系**受馬來西亞政府承認**，絕對是我常掛口邊的好評大學！畢業後回馬來西亞找工作不費心也不費力，到Lembaga Farmasi Malaysia網站報名法規考試 (forensic exam)，一經通過就可以直接申請政府或私人機構的工作。

在高醫除了獲得學術性的知識以外，各類體育和社團活動也在每天傍晚以後沸騰的進行著。「體育大學」的暱稱就來自傑出的體育成績和校園運動風氣！高醫對僑生和國際學生一向都照顧有加，學校各類型的**獎助學金**和**工讀機會**也讓清寒子弟們不必煩惱衣行住食等問題。

[Department of Occupational Therapy - Undergraduate Program '16]

●澳門本地並沒有相關科系修讀；能踏出舒適圈，在外地訓練獨立生活，到不同的地方見識和成長。

●4年職能治療課程後，目前回澳可憑大學畢業證書直接換取澳門的職治執業牌照，可馬上到不同機構執業。

高醫職能治療學系提供三年的校內上課以及一年的臨床實習，老師教學經驗和熱誠很足夠。課程規劃中也不乏有到外地交流、參加研究計劃、專業相關比賽、到外地發表論文的机会，也有日本、馬來西亞、美國等等的暑寒假海外交換計劃。

高醫的選課十分多元化，涵蓋了不同範疇的通識課和選修課，甚至有些選修課可以**跨系/跨校**，除了裝備本系的專業以外，還學習到其他領域的知識。此外，為了培養醫學生的多元興趣，學校還提供醫師科學家學程給學生額外選修，讓一些對研究有興趣的學生及早接觸實驗室環境。並且定期有不同學術研究交流活動，以培養**更全面的醫學生**。
