Ketika mengingat kembali masa di Taiwan, saya berterima kasih atas kesempatan untuk mendapat pendidikan terbaik di KMU berkat didukung beasiswa yang menanggung biaya kuliah dan biaya hidup. Terima kasih untuk civitas KMU dan penduduk Taiwan yang selalu memudahkan dan membantu, sehingga hidup dan studi di Taiwan menjadi nyaman.

Looking back on my time in Taiwan, I am grateful for the opportunity to receive an excellent education at KMU thanks to a scholarship that covers my tuition and living expenses. Also, thanks to the KMU personnel and Taiwanese people, who are always pleasant and helpful, living and studying in Taiwan is a pleasure.

Fasilitas penelitian mutakhir, kolaborasi komunitas ilmiah, dan komitmen Taiwan pada inovasi memberi kontribusi signifikan dalam perkembangan profesional saya. Pengaruh internasional di Taiwan tidak hanya memperluas wawasan riset, tetapi juga membentuk pola pikir global guna mempersiapkan saya menghadapi tantangan di dunia yang saling terkoneksi dan perkembangan cepat teknologi.

Taiwan's cutting-edge research facilities, collaborative scientific community, and the country's commitment to innovation have significantly contributed to my professional growth. The international exposure here has not only widened my research horizons but has also fostered a global perspective, preparing me for the challenges of our interconnected world and rapid technological growth.

Saya merasa pelatihan akademik sangat meningkatkan kemampuan pemecahan masalah dan membuat saya lebih mudah untuk mengaplikasikan pengetahuan pada praktek. Menurut saya, anda sebaiknya menempuh studi di luar negeri sekali dalam hidup, anda akan mendapat pengalaman baru. Dan jika anda sedang memilih universitas untuk melanjutkan studi, KMU adalah salah satu yang terbaik!

I feel that the academic training really improves my problem-solving skills and helps me better to apply the knowledge into practice. In my opinion, if possible, you should try studying abroad once in your lifetime, you will have brand-new experiences. And if you are hesitant when choosing universities, Kaohsiung Medical University is one of the best!

Kesempatan studi dan pertukaran pelajar ke luar negeri yang diberikan oleh departemen membantu saya memahami nilai keprofesian dan fungsinya secara internasional. Dengan menggabungkan ilmu profesional dan pengalaman hidup, saya menjadi lebih baik dalam menghadapi berbagai tantangan setelah lulus. Saya merasa bangga atas pilihan saya untuk studi di KMU.

The opportunities for overseas study and exchange provided by the department have helped me understand the value of my own profession and the importance of international recognition. By accumulating professional knowledge and life experience, I could now better cope with various challenges after graduation. I feel proud of my choice to study abroad in Taiwan at KMU.

Departemen Ilmu Biomedik dan Biologi Lingkungan (S1) dari Hong Kong

Departemen Ilmu Biomedik dan Biologi Lingkungan di Kaohsiung Medical University tidak hanya menyediakan pendidikan kualitas tinggi, tetapi juga memberi saya pemahaman ilmu dan riset yang kuat. Keterbukaan pemikiran para civitas tidak hanya mempermudah melakukan riset sesuai keinginan dan tujuan saya, tetapi juga menjadi ilmu berharga dalam hidup dan perencanaan karir. Ucapan dan tindakan mereka menjadi inspirasi saya, memberi pengaruh pada kehidupan bertahun-tahun setelah lulus.

The Department of Biomedical Sciences and Environmental Biology at Kaohsiung Medical University not only provides high-quality education but also gives me a solid foundation of knowledge and research training. The faculty's open-mindedness not only allows me to pursue my research interests and directions freely but also provides valuable advice and support in life and career planning. Their words and actions inspire me, deeply influencing my life even years after graduation.
